Dear Peyton:

In connection with the Armstrong matter, I am sending you two copies of a memorandum giving the family tree and background of Mrs. Armstrong. I have not passed this on to our other friends as I thought it would be wiser to get your advice before doing so and possibly it would be better for you to give it to them.

This information was furnished me by Mr. Armstrong and there are many items in it which I can verify from other sources.

Sincerely yours,

Hon. Peyton Ford
